HOUSE POINTS

Dear ISCS community,

This week our ISCS Wolves were back in competition.

On Wednesday, our Primary YR5 and YR6 students had a great time taking part in a Basketball Tournament at ISZL, where they showed great, great competition skills. Well done!

At the same time, we continue with the ISCS Basketball tournament during break times. On Thursday, it was the final game and the 'Westside' Team consisting of Calista (YR12), Luis (YR10), Storm (YR10) and Juan (YR8) was the winner and overall tournament champion. Congratulations to all of the participants.

On Thursday, Mrs Bradley and Mrs Saenz took YR9 students to Zug as part of the Cityscape architecture project. Students were drawing buildings and city landscapes whilst practising the theory learned in classes.

Local authorities have informed us that Covid cases at schools are steadily increasing and we have been instructed to continue wearing masks and ensuring we comply with the Cantonal protective measures.

This Friday, it was the Räbeliechtli, which is a Swiss Turnip Lantern Festival. Although local parades have been cancelled as a result of Covid, we, at ISCS, were able to carry out a small demonstration for our Primary students with the support of our Parent's Organisation. Congratulations to staff and parents involved in the preparation of the activities.

Have a safe and great weekend.

JOSE ANTONIO PARRA

Years 5 and 6

This week has been a week of celebrations as Autumn has well and truly arrived. We started the week with a public holiday and ended the week with Råbechilbi, the turnip lantern festival. As well as developing our skills in the key areas of Maths, English and German the children received their parts for the winter production which you will see at the end of this term. The boys in our class also had an inter school basketball competition on Wednesday. All in all, it has been a very busy but productive week and with each week the children continue to make progress.

Lennox and Marco working together on fractions

The children will have been given their parts for "Eddie The Penguin Saves The World"

Year 3 & 4

We have been working hard in year 3 & 4 this week. The class learnt about how a volcano forms and erupts in Science. In Global Perspectives we have so many lovely family photos to use in making our family trees.

Remembering times tables is tough, so Ms Knight has found many different ways for the class to learn the new 3 times table this week! In art the children tried to make a picture of themselves in the style of Roy Lichtenstein.

Years 1 and 2

This week we continued our multiplication topic in maths. We enjoyed counting in 2s and calculating multiplication facts!

Early Years

This week we have enjoyed the story of Owl Babies. In literacy, we had a go at labelling parts of the owl. As part of arts, we created some glittery firework pictures and our own owl puppets. In maths, we've been learning about weight, using language of "light" and "heavy".

On Friday, we enjoyed carving our own turnips for the Raebechilbi Festival! We were also excited to start practising the songs for the winter show!

ARTS SPOTLIGHT

Year 9 put their knowledge of perspective into practice this week with a drawing session in Zug! They honed their skills of photography and sketching in situ to provide primary sources to inspire future works for our 'Cityscape' project! Our Year 9 students were a credit to the school and threw themselves into the activity!

A big thank you to Michele and Miss Blaser for driving us, and to Ms Saenz for accompanying us on the field trip!

Mrs Bradley

PERFORMING ARTS SPOTLIGHT

In Performing Arts sessions at ISCS we 'ignite the 'enquiring mind'. The question is 'what does this look like'? To the untrained eye: a good play session, an interesting chaos! Then, it's the role play of teams... collaboration, student centred, project based working, where students are actively exploring and working together to seek answers, and solutions and create outcomes.

In Year 9, students are becoming co-constructors of this culture and are trained themselves to teach and train through 'peer to peer' coaching & taking on targeted responsibilities, in order to challenge themselves in a way that suits their own individual learning needs.

Students across all age groups are also taking on the extended opportunities provided by the school to participate in our growing choir each Thursday, as well as our ISCS Youth Theatre on Mondays and Senior Production group each Tuesday.

We look forward to showcasing our work for you at the upcoming student lead 'Soirée' on the 16th of December.

Mr Jackson

ISCS SPORTING HIGHLIGHTS.....

Is frisbee considered a sport?! We will check on a rainy day. Our High School students still enjoy some more PE classes outside!

Basketball International Tournament

On Wednesday, November 3rd, our Primary Boys team participated at the Basketball International Tournament in Hunenberg. This time we played without Year 7 and 8 and missed them a lot. The rules are however for everyone and the big schools dominated this time a lot. As we posted our results last time, we are proud to do it this time as well.

Well done, Wolves!
Mr Perliyev

Boys	ISCS	ICS	ISZL	ISB	Wins	Ties	Losses	Points	Group Place	Final Place
ISCS		2-8	0-15	6-12			3	3	4th	4th

ISB	12-6	10-5	4-16		2		1	7	2nd	3rd

PASTORAL SPOTLIGHT

Every half term, we will be holding a Secondary Praise Raffle to celebrate the amazing achievements of our students. For each Praise Postcard sent home, nomination for Star of the Month or 100% green effort streak, students receive a ticket in the raffle. Last Thursday,

Jade Andrieu-Guitrancourt won and received a 30CHF voucher.

Congratulations, Jade! In total, 80 virtual "tickets" were entered into the draw - 30 for 100% green effort in August and September; 30 for Praise Postcards home, and; 20 for nominations for Star of the Month. Some students, such as Milan Longo, Carlo Schiochetto, Katerina Gamizova and Giorgia Verolino achieved multiple entries for multiple categories. This is a huge achievement and really highlights the hard work of all students who received an entry.

The next draw will be in January after the Christmas break to celebrate the achievements for November and December. Remember, you have to be in it to win it!

Mr Hopton

HOUSE POINTS

ISCS Yellow House reaches 4-digit number way too far before the Christmas Break. They are on top with 1136 points, while Red House took the second place with 975 points.

	835	899	
	975	1136	

Wishing you a lovely weekend!
