WHAT'S INSIDE

PRIMARY NEWS

Primary School

As we enter the final half term of this academic year we are busy assessing the children's progress, writing their academic reports but at the same time as a reward for their hard work we are planning an exciting last week of term. Below is a table which highlights the theme for each day and more details will follow closer to the time. We are very sure that the children will enjoy the week we have planned! In the meantime, the hard work in class continues...

SECONDARY NEWS

SPORTS

HOUSE POINTS

WEEK BEGINNING : MONDAY 20TH JUNE 2022		
Monday 20th June	Sports Morning (PARENTS INVITED)	Movie Afternoon and Snacks
Tuesday 21st June	Craft Activities	Year 5 and 6 perform 'The Witches'

Friday 24th June	Toy Day	SCHOOL FINISHES AT NOON

DATES TO REMEMBER :

Monday 6th June Public Holiday - School closed

Thursday 16th June Public Holiday - School Closed

YEAR 5 AND 6

After a restful weekend we returned back to school full of energy and motivation. We had a blitz on reading this week as we explored different genres in our English lessons with Mr Wachter. In maths, we carried out some interesting investigations where we had to solve a maths mystery using a range of skills. The topic 'Electric Circuits' is our focus in science this half term and we began the topic by looking at the symbols we use for various circuit components. On Friday, as a pre celebration of Father's Day we invited our fathers in for 'Doughnuts with Dad'- everyone left school with a smile on their face! In German we have been revising and preparing for the Final Assessment, while trying to find the time to prepare the props and rehearse our play. Busy times!

Electric Circuits

Electricity flows in a circuit from the negative pole of the battery to its positive pole. The flow of electricity creates an electric current. There is a symbol to represent each component in an electrical circuit.

The children were excited to learn more about time this week, taught by Miss Lea. Lots of activities were completed within 60 seconds, like star jumping, repeat writing names and reading words. We have been spending time in English looking at texts to review and edit. The children also wrote about their fathers for celebration of father's day on Friday. Miss Lea got the children to do some wonderful art work together in groups.

The topic of electricity was started in Science and in Global Perspectives, we began the topic 'How Much Does your Lunch Cost?'

James and Juliette deciding on what they are going to try and complete using the timer to time 60 second duration

YEAR 1 AND 2

This week our focus was on reading. We dove into the world of non-fiction texts and thoroughly enjoyed exploring the features of informative books. Nicolas and Mahammad found facts in a book about space, whilst Sama learnt about the life cycle of insects! I am especially proud of Killian, Myriam, Lola, Imanol and Ruben who all advanced a book level this week.

Miss Keller led our maths lessons this week, teaching us about measuring the weight of objects in kilograms and grams! Below, Myriam is using the vocabulary 'heavier than' and 'lighter than' to describe different items.

In German, Year ½ is focused on polishing their Gorilla mit der Sonnenbrille performance, and they will wrap up the Rainforest topic this week.

EYFS

In Early years this week we continued to write our very own stories. Our writing has been very impressive this week and I am very proud of Sofia who has been writing lots independently! Miss Katrin led our science and maths sessions this week with a focus on floating and sinking. The children then enjoyed making boats and experimenting to see if they floated. In maths we enjoyed exploring patterns with shape.

UNIFORM FOCUS

It has nearly been a full academic year of our school wearing a uniform and is a timely opportunity to remind our community of our Uniform Policy:-

FOOTWEAR

From August 2022, **students will only be permitted to wear all black sensible shoes/trainers** (black shoe & black sole). This year we have taken a more relaxed approach to footwear with the introduction of the uniform. However, for the new academic year, please ensure all black trainers or shoes with no open toes or backs are purchased in readiness for the new term. No open toes or backs.

HOODIES & CAPS/ HATS

From August 2022, any additional personal items of clothing (excluding coats/ jackets needed for outdoor use) will be confiscated on arrival to school until the end of the school week. This includes hoodies, beanies, caps and any other additional non-uniform.

With thanks,
The ISCS Secondary Team

ISCS UNIFORM

DAILY UNIFORM YEAR 7 - 11

- All black shoes or trainers (toes must be covered)
- Black socks or tights
- Light blue ISCS v-neck jumper
- White ISCS polo shirt
- Navy ISCS skirt or trousers

- White ISCS t-shirt

Pastoral: STARS OF THE MONTH

Iacopo Vegni	Excellence	For consistently working hard and striving to improve
Kenzo de Leon	Excellence	For consistently doing his best and aiming for the highest possible score, working quickly and taking up extra work
Sofia Shchesniak	Excellence	For a fantastic participation and a big, big smile for everyone
Alexander Copland	Excellence	For trying hard, always, in anything he is doing in school (including succeeding in being a great goalkeeper).
Lujine Farahat	Respect	For her direct, efficient and industrious nature (and also for appreciating Mr Hopton's terrible sense of humour)
Zahraa Birrer	Excellence	For going above and beyond in her dedication, application and execution of her Art project.
Thomas Weaving	Excellence	For embracing his German A Level program and going the extra mile to catch up.

SECONDARY NEWS

This Wednesday we went to the paintball farm with our Year 13 students, an activity chosen by them. As part of the celebrations for our graduating students, we had a day full of fun and physical activity. It took us some time to dress up and be ready. Then we practised by shooting at some targets to finally play for a couple of hours. This was enough time to go through the four floors of the farm where we hide, aimed and dressed up in yellow.

What a great way to warm up for our upcoming graduation.

NGO

The NGO has gone through some interesting developments in recent weeks. To better meet the demands of our community we have split our weekly meetings into a dedicated Primary and Secondary NGO, with each group meeting once a fortnight. Right now students are researching the UN global development goals in order to choose future projects to support. The Primary students prepared a lovely presentation about a deprived community at Lake Titicaca, with more presentations to follow. The kiosk also has started to happen twice a week with excited Primary helpers taking charge of the kiosk on Tuesdays and our Secondary team launching the Friday kiosk with freshly prepared milk shakes. Overall the kiosk has taken a turn towards healthier eating by offering more choices like wholegrain rolls with salad, yoghurt mueslis and cereal bars being available now. So come by and support our passionate team of changemakers in their pursuit of making the world a better place by serving their community.

Parachute Games

Our little learners enjoyed the Parachute activities this week. They develop fine and gross motor skills.

They are brilliant at team-building!

ISCS House Competition

Our House Competition slowly approaches the end. There are 3 more weeks of the tournament and we have lots of events planned for the activity week where the teams can earn lots of points.

	3789	4123	
	4002	4644	

Wishing you all a wonderful long weekend! See you all on Tuesday!
