PAYMENT OF FEES

The full annual tuition fee is payable for the entire academic year in advance for each student enrolled or re-enrolled. If a new student is enrolled and thereafter does not take up the place on the confirmed start date, 25% of the annual tuition fees is due and payable immediately. An invoice for annual tuition fees will be issued before the start of the new academic year and will be due on August 15th. Payment must be received before the child attends school.

Alternative payment methods may be available. Families seeking payment plans will be required to sign a formalised payment schedule agreement. An annual interest rate of 5% and collection fees may be added to overdue balances.

ENROLMENT DURING THE ACADEMIC YEAR

If enrolment takes place during the academic year, this contract of enrolment is for the period from the starting date of the student and is automatically renewed for the following academic year, unless a written confirmation of termination is received by registered mail before March 31st of the current academic year. Prorated tuition fees are due in advance for the remaining academic year.
