MESSAGE FROM HEAD OF EDUCATION

Dear ISCS Community,

Happy New Year to everyone! I hope you all enjoyed a wonderful break with your families.

We start a new term that will be full of new challenges and opportunities. This is also a good time to send a message of hope. In a global and growing world, supporting each other becomes incredibly important. Transmitting that message to our students is one priority for us, aligned with our school values of respect, excellence and global mindset.

An example of how our students try to cooperate is their collaboration with Malala Fund. In fact, our students have found a variety of ways through which to fundraise for the Malala Fund, while enjoying the different activities organised. We are very proud to see how seriously they take these initiatives, which is incredibly valued for their education, but also for their future as citizens and professionals.

This week, we had the opportunity to collaborate with families when analysing the progress of the different students during the parent-teacher conferences. Of course, meetings can also take place at any time throughout the term- please feel free to contact your child's teacher whenever required. It is this collaboration together which supports and offers the best guide to the students for their future. This is essential to provide students with the opportunity to academically excel.

Finally, it is through hands-on and real life experiences that the learning process is truly consolidated. Today, our Physics students had the opportunity to visit the CERN facilities in Geneva. It was an amazing experience which the students truly valued and benefited from. I would like to thank CERN for giving us this opportunity and Mr. Evison for his organisation.

I wish all the community a lovely weekend.

Warm regards,

Mr. Soto

- PRIMARY NEWS -

Happy New Year! A warm welcome back to all our families and a special greeting to the new students and their families joining our school community.

This term, we are embarking on an exciting new topic in primary school - 'Polar Regions.' Get ready to explore the icy wonders of the Arctic and Antarctic!

First day ice breaker games with Year 6.

First day after winter break - getting to know each other again,

Learning new facts about each other and seeing how we are all connected despite our differences

In Year 6, our students have been settling in nicely, making new friends, and discovering the unique experiences everyone had during the holidays. It's fantastic to see the classroom buzzing again with energy and enthusiasm. As we dive into the Polar Regions, there's a world of learning awaiting our students. From fascinating creatures to icy landscapes, we're gearing up for a term filled with discovery. We look forward to sharing the joy of learning with our Year 6 students and can't wait to see their curiosity unfold in the coming weeks

- MIDDLE SCHOOL NEWS -

Happy New Year to our school community! As we embark on a fresh start in 2024, it's an excellent time to reflect on personal growth and set positive intentions.

New Year resolutions offer a wonderful opportunity for students and staff alike to embrace self-improvement and set achievable goals. Whether it's aiming for academic success, fostering stronger friendships, or adopting healthier habits, let's encourage one another to make meaningful resolutions that contribute to our overall well-being.

Here's to a year of personal and collective success!

- HIGH SCHOOL NEWS -

Happy New Year, High School families. In High School, we have been also thinking about our resolutions and intentions for 2024 and what we want to achieve. We are very happy to share these with you below!

VISIT TO CERN

- ISCS TALKS -

Laura Latacz warmly invites you to explore the world of art therapy in an introductory session. This hands-on and informative session will unveil the essence of art therapy and its positive impact on your family.

Discover how art can empower both you and your children.

Learn practical techniques that you can easily apply at home to find moments of calm.

In Laura's sessions, participants embark on a journey to navigate life's challenges. Through art-making, individuals learn to manage stress, cope with difficult emotions, confront meaningful challenges, discover inner strength, and envision a brighter future.

Join Laura on this enriching experience, where creativity becomes a tool for personal empowerment.

DATE

TUESDAY, 16 JANUARY 2024
