MESSAGE FROM HEAD OF EDUCATION

Dear **ISCS community**,

One of our main school values is **Global Mindset**. This can be understood as the ability to appreciate and learn different cultures and traditions worldwide, as well as creating ideas that impact all environments positively. In a growing and changing world, it is a key skill for future citizens and professionals. That is why we promote Global Mindset among our students and families. And the ISCS community, with such a wide variety of nationalities (increased by all the new families who joined us this new school year) is the perfect atmosphere for this. We always organise different activities that contribute to the development of a Global Mindset. Two examples are the **Hike around Cham** that our Primary students enjoyed last Friday (where they could spend time learning and enjoying with their classmates and friends) and the **International University Fair** held at ISCS yesterday (when we received 17 international universities and several other international schools visited our fair). They are only two examples of how we encouraged our students to continue developing their Global Mindset, always supported by the families. I would like to congratulate and thank all the people involved in the organisation of the aforementioned events.

I wish all the community a lovely weekend.

Mr. Soto

- PRIMARY NEWS -

Year 3/4 on the ISCS Primary Hike!

Year 3/4 had so much fun on the hike last Friday! It was a fantastic opportunity for the class to bond and allowed everyone to have a great time practising their social skills outside of school. It was great for new pupils (and myself!) to get to know more about the local area. I know that everyone will be looking forward to more exciting adventures like this in the year to come.

Charlie and the Chocolate Factory

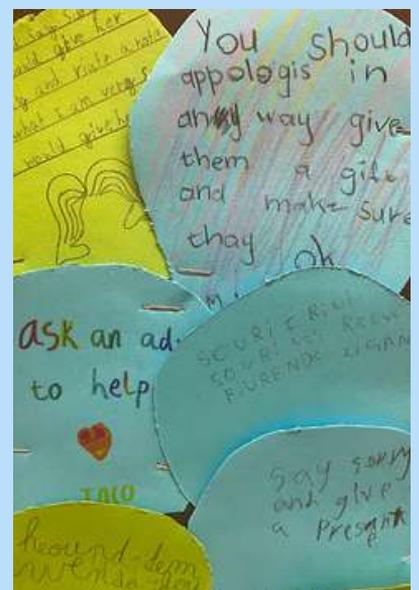

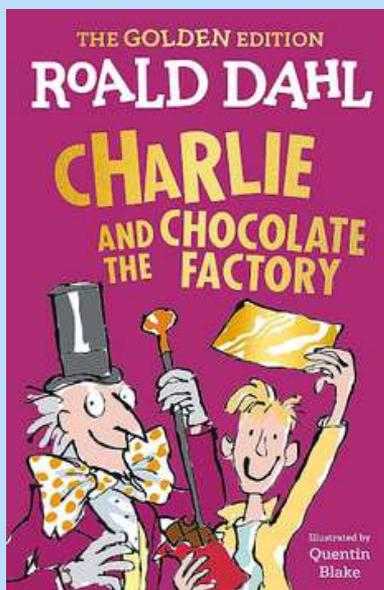

Ahead of Roald Dahl Day on the 13th September, we have started to read 'Charlie and the Chocolate Factory' as a class novel. Everyone has been enjoying it so far and it is a great book to base lots of fun learning off of. Year 3/4 (and Charlie) are in for a treat!

Our International Family

It has been super getting to know everybody more in depth through our Global perspectives topic 'Our International Family'. Year 3/4 have been busy creating wonderful sketchbooks which they have used to record their thinking, ideas and research. They have been working hard to design a flag for their home country/a country of their choice using their research. Next, we will be moving on to share about our countries and learn more about our local community.

How to be a 'Roar-some' Friend!

In PSHE we have been learning about friendships and the ups and downs that these can go through. The book 'How does a Dinosaur Stay Friends' helped to illustrate how we can resolve issues really clearly. The pupils explain how to be a good friend and also what you could do if you have a disagreement with a friend. I was very impressed that everyone showed a great understanding of how to resolve things in a fair and respectful way. We will be able to use this learning to help with any friendship issues throughout the year.

- MIDDLE SCHOOL NEWS -

Playing Beach Volleyball as part of the **Physical Education's curriculum** involves constant movement, including running, jumping, and diving, which helps improve cardiovascular fitness. The players' heart rates increase, leading to better circulation and overall heart health.

The sport requires players to use various muscle groups, such as the legs, core, and upper body, for actions like spiking, digging, and blocking. Over time, this leads to increased strength and endurance.

- HIGH SCHOOL NEWS -

Beach Volleyball demands quick reflexes, precise footwork, and hand-eye coordination. **ISCS Y10 to Y13 students** can enhance these skills as they practise and play the game regularly.

ISCS - THE BRITISH SCHOOL OF ZUG

14 SEPT, THU 15:00 - 17:00

INTERNATIONAL UNIVERSITY FAIR
