## MESSAGE FROM HEAD OF EDUCATION

Dear ISCS Community,

Today, the Year 11, 12 and 13 students have started their study leave period in order to prepare for the official IGCSE, AS and A level exams, respectively. We recognised this occasion with a whole school assembly followed by a special breakfast organised by the PO for those students. During the study leave period, the students will also have a revision timetable at school, so that they can get the best preparation possible for their exams. And when the exams are over, in June, students will enjoy a broad range of activities: transition day for next school year, trips, activity week, work experience and volunteering programmes, among others.

As students enter into their study leave period, I would like to take a moment to send them my warmest wishes and encouragement. This is an exciting yet challenging time, filled with countless hours of dedication and focus as you prepare for your upcoming exams. Remember, each moment you spend studying brings you one step closer to your goals. Believe in yourself, trust in your abilities, and stay motivated even when the journey feels tough.

Keep in mind that you are not alone on this path. Your hard work and determination inspire those around you, including myself. We are all rooting for your success and are here to support you every step of the way.

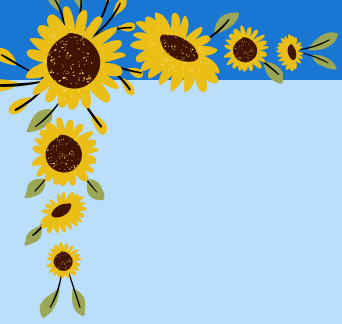

Take breaks when needed, stay organised, and do not forget to nourish your mind and body with rest and relaxation. You have already come so far, and I have no doubt that you will shine brightly during your exams. Sending you all the positive vibes and good luck as you dive into this chapter of your academic journey. You've got this!

I wish all the community a lovely weekend.

Warm regards,

Mr. Soto

# - PRIMARY NEWS -

We have had a busy start to Summer Term in Early Years.

During German lessons, the children have been learning fruit and vegetable vocabulary and have enjoyed playing shops in the 'Early Years Farm Shop'.

To practise everything they have learnt, we went on a trip to Migros in Cham. They made a shopping list in advance then enjoyed weighing the fruit and taking it in turns to pay for each item.

The children have also been studying seeds and how plants grow. They successfully managed to grow some cress and are now looking forward to seeing their sunflower seeds bloom in the next few weeks!

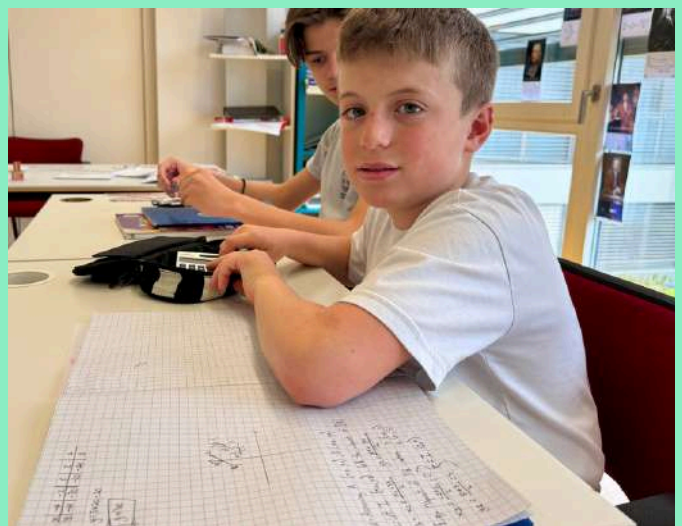

# - MIDDLE SCHOOL NEWS -

## Middle School Maths

It has been a busy year in Middle School Maths.

After we took a dive in the realm of algebra and equations, we are now putting this knowledge to practice.

Year 8 are learning about Cartesian Geometry and speed-time graphs while year 9 are studying surface area and volume of 3-dimensional shapes. Year 7 are revising ...

# - HIGH SCHOOL NEWS -

Good luck to all the students taking exams this year!

# - HIGH SCHOOL NEWS -

We are proud to announce the exceptional dedication and preparation demonstrated by our High School mathematics students as they gear up for their upcoming exams.

Through rigorous practice and commitment to excellence, our students have not only completed mock exams but have also actively participated in supplementary sessions and showcased their problem-solving prowess by modelling solutions for their peers.

This proactive approach not only reflects their determination to excel but also underscores the collaborative spirit within our mathematics community.

We commend our students for their hard work and encourage them to continue striving for success in their academic pursuits!

# CHESS TOURNAMENT

**Congratulations to  
our Chess  
Tournament  
winners!**

# - CAREERS TALK -

Thank you to Mrs Wisson, who spoke to our students about careers in the pharmaceutical industry. Mrs Wisson has got over 20 years experience in clinical pharmacology, working for the world's most successful companies such as Novartis, Roche and now Johnson & Johnson. It was a fascinating and engaging presentation, that inspired our students to ask many questions.

If you would like to speak to our students, please contact Mr Soto
