MESSAGE FROM HEAD OF EDUCATION

Dear ISCS Community,

At ISCS, we strongly believe that school trips and activities are a valuable way to complement the education students receive in the classroom. For this reason, we always aim to promote experiences that enrich both the academic curriculum and the holistic development of our students.

This week, we were proud to carry out two important educational trips. Our Year 10 and Year 11 students travelled to New York City, while our Middle School students embarked on a cultural and educational journey to Paris. These opportunities were carefully designed to support learning in meaningful, real-world contexts and to broaden our students' global perspectives.

In addition, we held our annual Activities Week. During this time, students participated in a variety of experiences both on and off campus, all of which were designed to enhance their learning and personal growth.

I would like to extend my sincere thanks to all the teachers and staff for their tremendous work in preparing the various trips and activities, to our students for their outstanding behaviour and engagement, and to all our families for their continued support. Together, we are helping make ISCS not only a high-quality family international school, but also a vibrant and dynamic community.

I wish everyone a lovely weekend.

Warm regards,

Mr. Soto

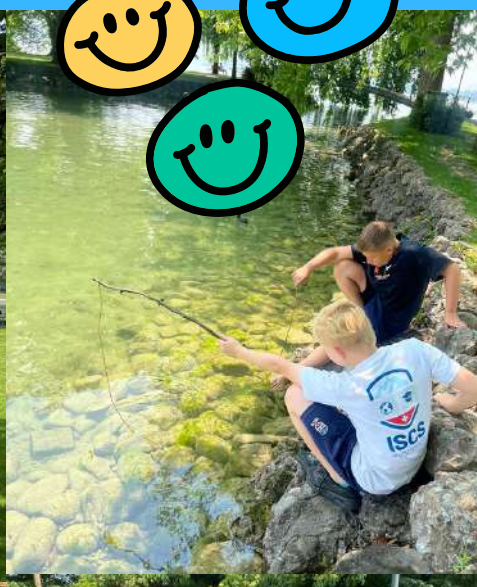
Primary

Activities weeks

Early Years and KS1 (Years 1 and 2) really enjoyed their Summer Trip to Sattel-Hochstuckli. This was a wonderful opportunity for our pupils to take the gondola up the mountain, explore the stunning panoramic circular
trails and then finish off with some fun on the bouncy castles. They had have picnic lunch in the beautiful scenery before returning back to school.

Primary Activities weeks



Throughout the week, pupils engaged in many fun activities ranging from fishing, playing games in the park, having picnics and pyjama parties, to the annual knowledge quiz, plane-flying competitions, and enterprise sessions.

Primary Activities weeks

Enterprise challenge: grow your 5chg

273CHF raised for Zug animal charity

Paris

Paris

Activities week

Middle school

High school

Our pupils had a turbo-charged time experiencing the thrill of Formula 1 at Racing Unleashed in Cham! From the moment they hit the virtual track, it was full throttle—no pit stops, just pure racing adrenaline.

Activities week

Middle school

High school

Back at our Secondary School, students enjoyed a fun mix of mini golf, virtual reality and computer games, creative art sessions, Japanese culture workshops, and much more!

VIA FERRATA

HIGHSCHOOL

Steel cables, raw nerve, and a mountain view that makes it all worth it.

NEW YORK

This week, our Year 10 and 11 pupils travelled to New York City for an educational experience designed to broaden their horizons and challenge them to think beyond familiar settings. It wasn't about following a syllabus — it was about offering real-world exposure, encouraging independence, and helping pupils see their place in a global context.

Throughout the week, pupils visited major cultural and historical landmarks, explored institutions shaping global life, and experienced the pace and complexity of a major international city. Our pupils come from all over — and they each brought their own lens to what they saw. For some, NYC felt instantly familiar. For others, it was completely new. But the conversations that unfolded — about culture, history, politics, and identity — showed just how much value there is in seeing the same place through different eyes. That's what a global mindset looks like: curiosity, respect, and the ability to hold more than one view at once.
